EDUCATION

University of Texas San Antonio, San Antonio Tx— *Bachelors of Business in Cybersecurity*

July 2024 - Present

I am currently pursuing a Bachelors of Business in Cybersecurity at UTSA. My projected graduation date is Spring 2026.

Sam Houston State University, Huntsville Tx— *Bachelors of Science in Cybersecurity*

August 2023 - July 2024

I was pursuing a Bachelors of Science in Cybersecurity at Sam Houston State University.

PROJECTS

Security and Networking Homelab —

I have a homelab setup on a hypervisor, running multiple virtual machines, including Kali linux, windows 10, and PFSense as a firewall. This allows me to get a better understanding of networking and cybersecurity tools as a whole.

CTF-

I participate in capture the flag events, using tools like Burp Suite and Wireshark to better understand networking and security vulnerabilities.

Certifications-

I have completed two google certifications, Play It Safe: Manage Security Risks, and, Foundations of Cybersecurity. I am also in the process of studying for the CompTia A+ certification.
